

10 July 2026

Dear Education Lead,

Thank you for taking a moment to look at this pack. I know how busy your week is.

The **Ambedkarite Buddhist Educational Series — UK Edition** has been written specifically for British schools and family living rooms. It is not a religious resource; it is a values-led programme that helps children explore **dignity, compassion, equality and mindfulness** through stories drawn from two extraordinary traditions — the teachings of the Buddha and the life and writings of Dr. B.R. Ambedkar, who drafted India's Constitution.

Inside this pack you will find:

- **Junior-Programme-Sample-Chapter.pdf** — one full lesson, ready to teach.
- **What-Headteachers-Need-to-Know.pdf** — a one-page overview to share at SLT.
- **Programme-Map.pdf** — how the series is structured across the five age groups.

We are inviting **5–10 partner schools** to pilot the Junior Programme from September 2026. There is no cost to pilot schools, and we provide printed sample copies and a short online induction. Pilot schools are credited in the Phase 2 publication.

If you'd like to talk further — or simply have a question — we'd be delighted to hear from you.

With warm regards,

Education Team
